

CONTRACT AWARD CASE STUDY

Powering a new business from day one.

Endpoint delivery for the Mumbai office and Jhagadia plant - backed by an eight-month on-site FMS engagement.

110 DEVICES

2 LOCATIONS

10-DAY TARGET

8-MONTH FMS

UltraTech Cement Limited - Wires & Cables Division

One award. Two locations. A complete technology-readiness mandate.

The documented orders connect business-user mobility in Mumbai with plant-user readiness and on-site support in Jhagadia.

90**PLANT DESKTOPS**

HP Pro Tower 280 G9 systems for the Jhagadia Wires & Cables plant.

20**OFFICE LAPTOPS**

Lenovo ThinkPad E14 Gen 7 systems for the Mumbai office.

110**BUSINESS ENDPOINTS**

A coordinated endpoint foundation across plant and corporate users.

10 DAYS**DELIVERY COMMITMENT**

Order-defined delivery target for both endpoint lots.

3 YEARS**WARRANTY COVERAGE**

Desktop onsite warranty and laptop Premier Support.

8 MONTHS**MANPOWER / FMS**

One monthly on-site support resource across the service period.

ORDER EVIDENCE

PO 4700000111 and 4700000112 dated 30 June 2026; service PO 4800000397 dated 14 August 2026. Commercial values are excluded.

Technology readiness for a new Wires & Cables operation.

A new business requires user computing, mobility, delivery governance and support continuity to become operational together.

GREENFIELD SPEED

Prepare a large new plant user base within a compressed mobilisation window.

TWO-SITE COORDINATION

Synchronise Mumbai office and Gujarat plant deliveries under one order programme.

STANDARD ENDPOINTS

Provide consistent, supportable hardware with business-grade operating systems.

MOBILE LEADERSHIP

Equip office and travelling users with secure, modern business laptops.

LIFECYCLE SUPPORT

Continue beyond supply through on-site manpower and FMS support.

SINGLE ACCOUNTABILITY

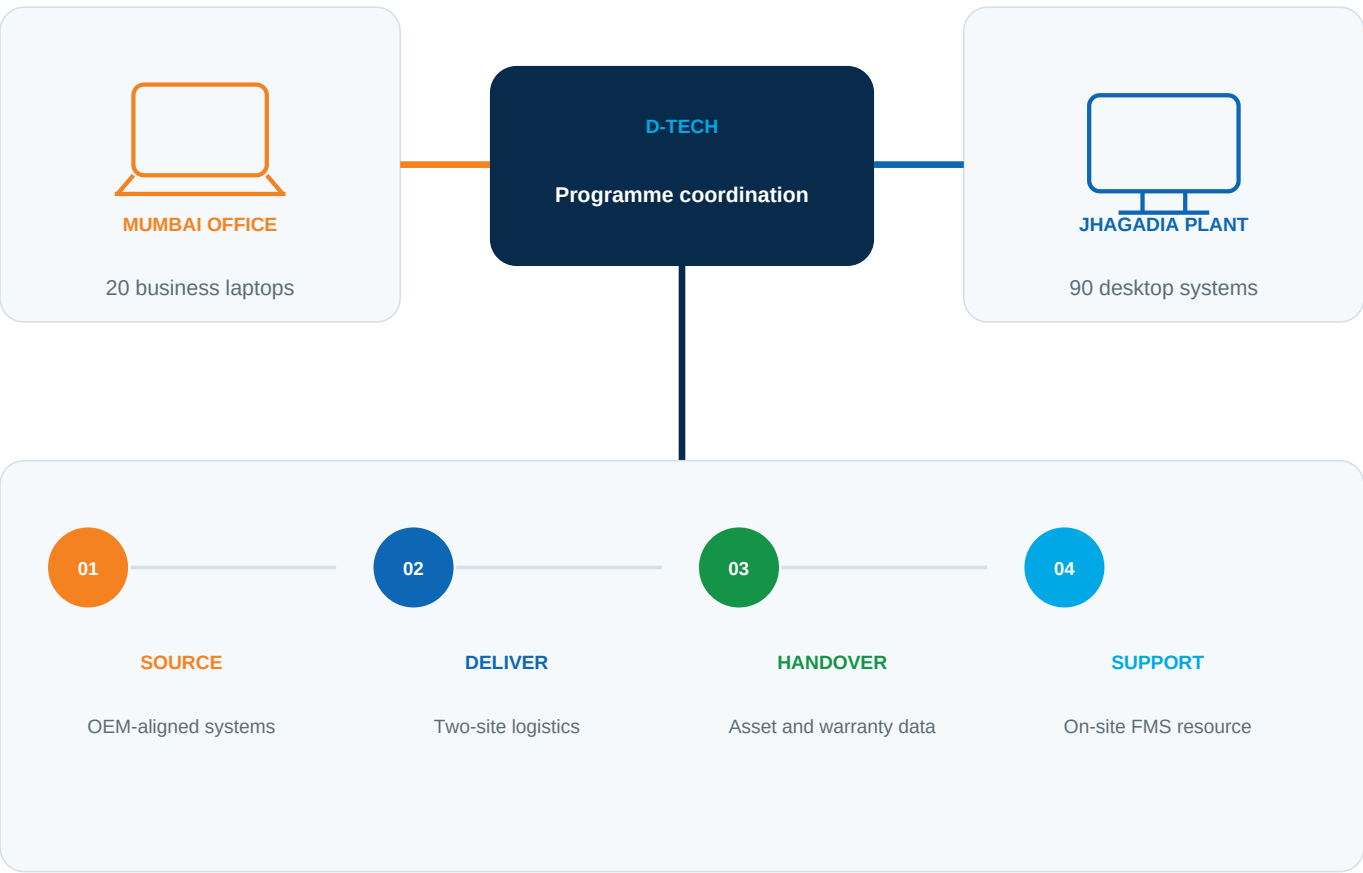

Create one coordination layer for OEM, logistics, warranty and site support.

THE BUSINESS QUESTION

How can a new industrial business prepare both its corporate and plant users quickly - while establishing a support model that continues after delivery?

One technology programme connecting office, plant and lifecycle support.

D-TECH acts as the coordination layer across endpoint supply, site delivery, warranty and FMS operations.

DELIVERY PRINCIPLE

The endpoint order creates day-one capacity. The FMS award converts that capacity into an operating service relationship.

Ninety standardised desktops for plant-user readiness.

The plant order establishes a consistent computing baseline for operational and administrative teams.

PLANT ENDPOINT STANDARD

HP Pro Tower 280 G9 PCI

90 systems | Delivery location: GIDC Industrial Area, Jhagadia, Gujarat

3-YEAR WARRANTY

PROCESSOR

Intel Core i5-13500

MEMORY

16GB DDR4

STORAGE

512GB SSD

OPERATING SYSTEM

Windows 11 Pro OEM

DISPLAY

HP P22v G5 21.5-inch FHD

ACCESSORIES

Keyboard and mouse

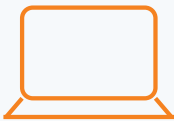

ORDER COMMITMENT

Delivery of all 90 desktops within 10 days from order confirmation.

Twenty AI-ready business laptops for modern office users.

The Mumbai order supports mobile productivity, secure access and business continuity for corporate users.

CORPORATE MOBILITY STANDARD

Lenovo ThinkPad E14 Gen 7

20 systems | Delivery location: One Unity Center, Prabhadevi, Mumbai

3-YEAR PREMIER SUPPORT

PROCESSOR Intel Core Ultra 7 256V	MEMORY 16GB DDR5	STORAGE 512GB SSD
GRAPHICS / AI Intel Arc 140V, up to 64 TOPS	DISPLAY 14-inch WUXGA IPS, anti-glare	CONNECTIVITY Wi-Fi 6E + Bluetooth 5.3

ORDER COMMITMENT

Delivery of all 20 laptops within 10 days from order confirmation.

Controlled logistics from order confirmation to warranty handover.

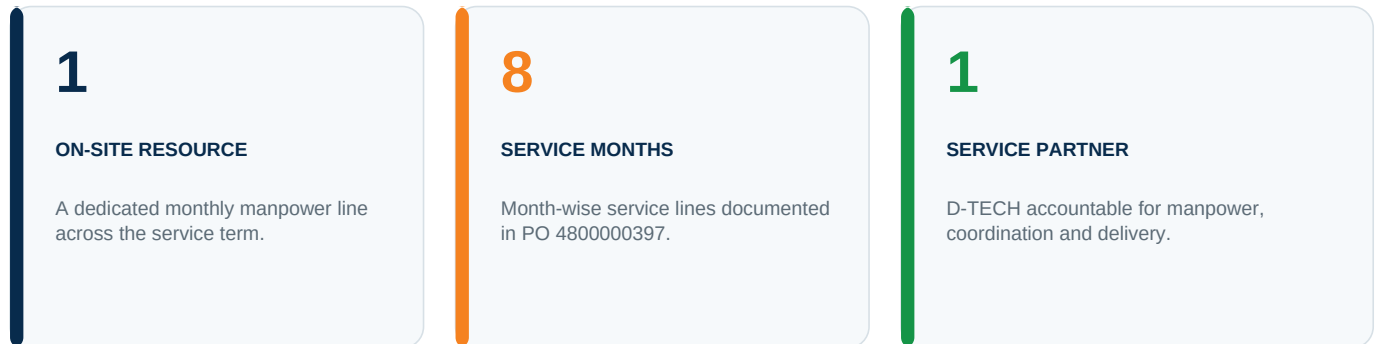

A repeatable delivery framework protects schedule, asset traceability and user readiness across both locations.

The success measure is not dispatch alone - it is accurate delivery, documented ownership and a clean transition to support.

Eight months of local support after the endpoint award.

The service order establishes one monthly manpower resource model for the Jhagadia Wires & Cables operation.

CONTRACT SIGNIFICANCE

The relationship moves from transactional endpoint supply to continuous operational support at the new plant.

DESKSIDE SUPPORT

User incidents, endpoint checks and standard service requests.

ASSET CONTROL

Tracking, assignment, movement and warranty coordination.

OEM ESCALATION

Structured escalation for hardware and warranty cases.

PREVENTIVE CHECKS

Planned health checks and repeat-issue prevention.

REPORTING

Daily activity, pending cases, ageing and periodic review.

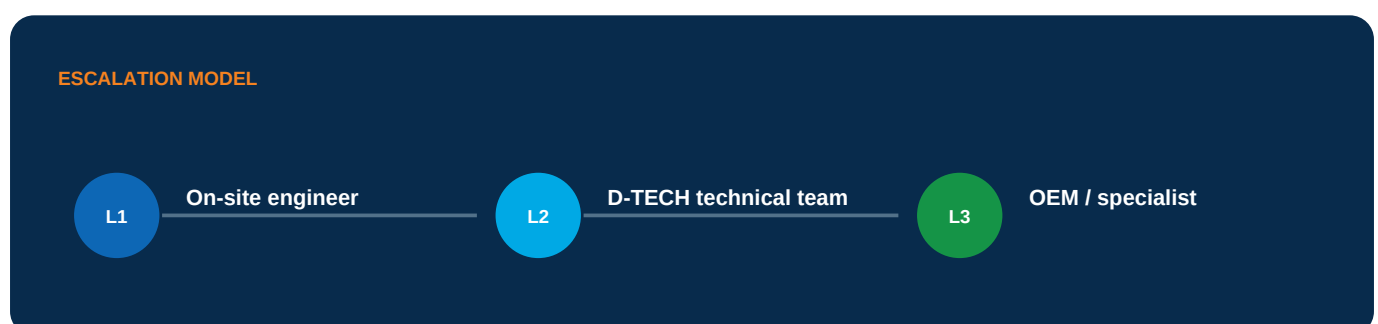

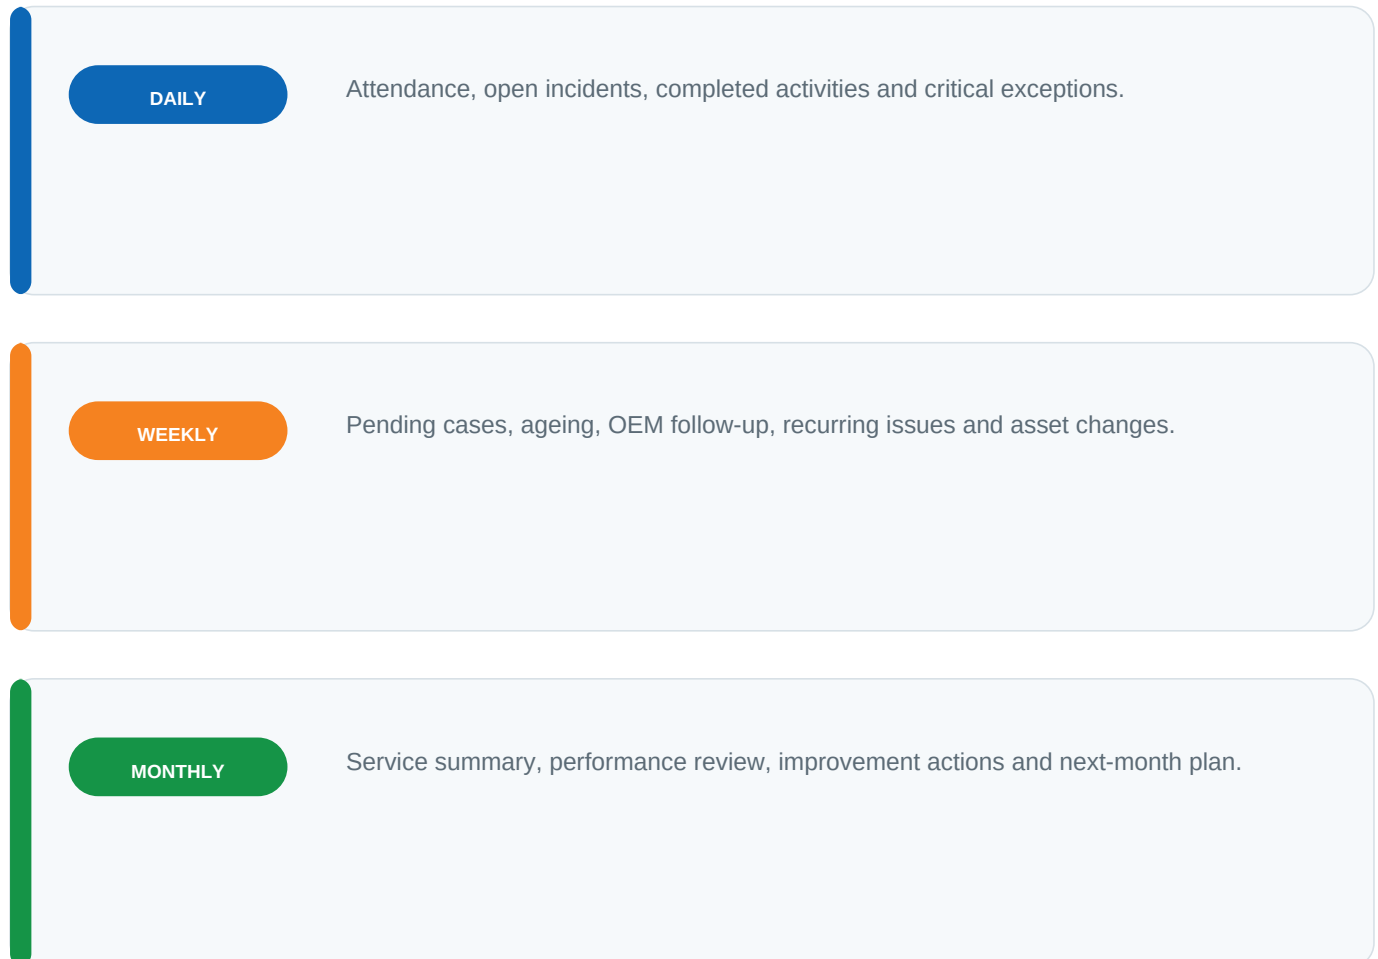

SITE COORDINATION

Interface with authorised client stakeholders and vendors.

Operational duties and service levels are finalised through the approved site SOP and client governance process.

A visible service rhythm for daily operations and management control.

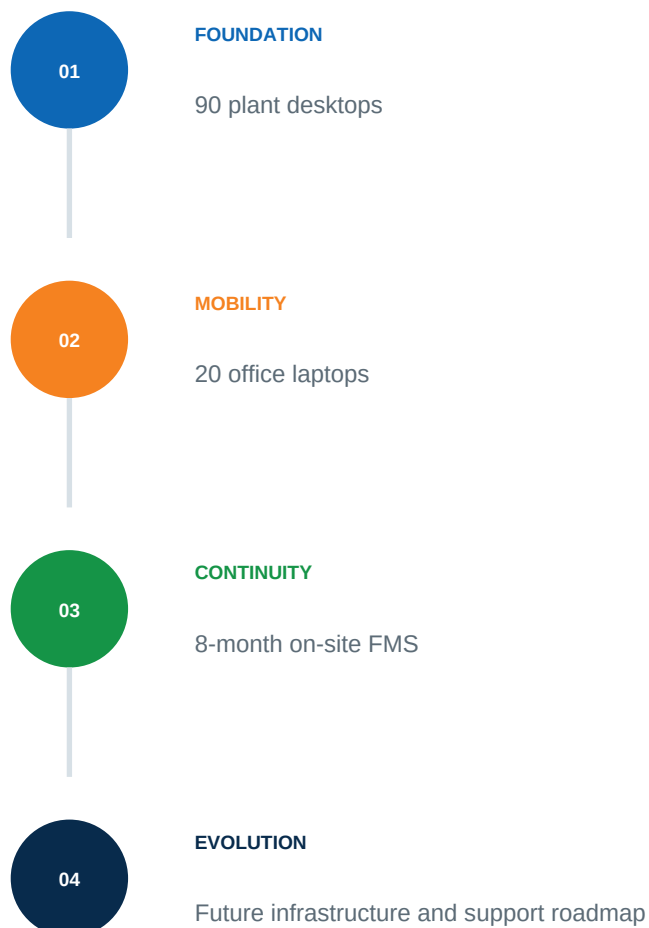

Governance keeps the on-site resource connected to D-TECH escalation teams and client stakeholders.

One service owner, one pending-case view and one escalation path.

From procurement to support - one continuous accountability model.

The three orders create a practical platform for future infrastructure, security, software and managed-service expansion.

D-TECH VALUE

A single partner can now support endpoint lifecycle, warranty escalation, onsite operations, infrastructure growth and future technology standardisation.

Technology readiness that supports a major new business launch.

The programme strengthens both day-one mobilisation and the ongoing operating model.

FASTER MOBILISATION

Standard endpoints accelerate user onboarding.

TWO-SITE CONSISTENCY

Office and plant follow one coordinated delivery programme.

SUPPORT CONTINUITY

An on-site resource carries ownership beyond supply.

LIFECYCLE CONTROL

Three-year warranty coverage supports predictable operations.

SCALABLE FOUNDATION

The endpoint base is ready for future infrastructure and security layers.

The order is more than 110 devices. It is a technology-readiness programme for a new industrial business - supported by local FMS accountability.

CONTRACT AWARD CASE STUDY

A strong beginning. A dependable operating model. A relationship built to grow.

D-TECH supports the UltraTech Wires & Cables journey across Mumbai and Jhagadia - from endpoint supply to on-site operational continuity.
