

ENTERPRISE SERVER INFRASTRUCTURE | PHARMACEUTICAL IT

Building a Reliable Digital Foundation for Cadila Pharmaceuticals

D-TECH delivered and supported enterprise server infrastructure for business-critical digital initiatives across Cadila's Ankleshwar operations.

COMPUTE	PLATFORM	PROTECTION	OUTCOME
HPE DL360	Windows + SQL	5-Year Support	On Schedule

From Paper to Paperless: Infrastructure Built for Critical Workloads

Cadila required a dependable, supportable server platform for digital operations at Ankleshwar. The documented programme covers the Unit-I Paper-to-Paperless project and a separately appreciated LIMS/RDMS server installation at Unit 2.

BUSINESS PRIORITIES

1

Reliable Digital Core

A robust platform to support business-critical applications and help teams work efficiently and securely.

2

Planned, Time-Bound Delivery

The order called for site delivery and installation within a compressed 1-2 week schedule.

Verified Technology Scope

COMPUTE

HPE ProLiant DL360 Gen10 Plus
Intel Xeon Silver 4314, 16 cores
128 GB configured memory

STORAGE

2 x 480 GB SSD for OS
6 x 2.4 TB SAS 10K drives
Enterprise RAID controller

CONNECTIVITY

Dual-port 10Gb Base-T
Dual-port 10Gb SFP+ adapter
2 x SR transceivers + LC cables

RESILIENCE

Redundant 800W power
HPE iLO 5 management
5-year hardware support

SOFTWARE

Windows Server 2025 Standard
Microsoft SQL Server
Application-ready platform

OPERATIONS

Site delivery and installation
Coordinated setup
Support continuity

DESIGN PRINCIPLE

Right-sized compute, protected storage, 10Gb connectivity and lifecycle support - integrated as one operational foundation.

Execution That Earned Formal Client Appreciation

Cadila's IT team recognized D-TECH for meticulous planning, technical expertise, seamless execution and continuous support.

1

Plan & Coordinate

Align the platform, site readiness, delivery requirements and implementation schedule with Cadila stakeholders.

2

Deploy the Platform

Install the rack server, memory, OS drives, SAS storage, redundant power and high-speed connectivity.

3

Configure & Integrate

Prepare Windows Server, SQL Server, remote management and network connectivity for application workloads.

4

Complete & Support

Coordinate completion on schedule and continue executive and technical support for reliable operations.

IN THE CLIENT'S WORDS

“Deploying and configuring hardware and systems of this scale requires meticulous planning, deep technical expertise, and seamless execution. Thanks to your dedication and hard work, the installation was completed smoothly and on schedule.”

BHAVIK PANWALA | INFORMATION TECHNOLOGY CADILA PHARMACEUTICALS LTD. | 6 AUGUST 2026

A Stronger Foundation for Secure, Efficient Operations

The result was not only a completed installation. It was a client-validated delivery model combining design discipline, technical execution and dependable support.

01**SCHEDULE CERTAINTY**

Installation completed smoothly and on schedule.

02**ROBUST FOUNDATION**

Reliable infrastructure established for critical digital operations.

03**SECURE EFFICIENCY**

A platform supporting efficient and secure work by Cadila teams.

04**SUPPORT CONTINUITY**

Client-recognized continuous support throughout the process.

Why D-TECH for Pharmaceutical Infrastructure

- ✓ **Enterprise compute, storage and networking under one accountable team**
- ✓ **Site-focused planning and coordinated implementation**
- ✓ **Application-ready Windows and SQL infrastructure**
- ✓ **Lifecycle protection through remote management and 5-year support**

DOCUMENTED EVIDENCE

Purchase Order: 7200010095, dated 15 June 2026 - server platform for Ankleshwar Unit-I Paper-to-Paperless project.

Client Appreciation: 6 August 2026 - successful LIMS/RDMS server installation at Cadila Unit 2.

Dear D Tech Integration Team,

We want to extend our sincere thanks and appreciation to everyone involved in the successful installation and setup of our new server infrastructure.

Deploying and configuring hardware and systems of this scale requires meticulous planning, deep technical expertise, and seamless execution. Thanks to your dedication and hard work, the installation was completed smoothly and on schedule.

A special thanks to Bhavik bhai for his continuous support throughout the process. We truly appreciate his efforts and hope for the same wonderful support in future projects.

This reliable and robust infrastructure is a critical foundation for our operations, and your efforts ensure that our teams can continue working efficiently and securely.

Thank you once again for your commitment to excellence and for delivering this project so successfully.

Thanks and Best Regards

Bhavik Panwala
