CASE STUDY / GLOSOL / COMPUTING SUPPLY & SUPPORT

Workstation supply. Dependable support.

Glosol Innovations and Technologies Pvt. Ltd.

Vadodara | B2B computing delivery

Dell workstations, computer peripherals and software supply, with coordinated deployment and support. Server services form part of the wider scope stated by D-TECH.

COMBINED PO VALUE: APPROX. USD 10,989

4 purchase orders | 8 Dell workstations | 3 monitors

Tax-inclusive net total; single conversion basis: 30 July 2026.

Supply scope | Four orders, one consolidated value

PO reference / date	Ordered products	PO net amount (INR)
PO/GI/25-26/0210 11 February 2026	3 Dell Precision 3680 towers 3 Office Pro Plus 2021 items 3 x 24-inch monitors	365,870.00
PO/GI/26-27/0019 20 May 2026	1 Dell Precision 3680 tower 1 Office Pro Plus 2021 item	135,700.00
PO/GI/26-27/0053 28 July 2026	3 Dell Pro Precision 7 T1 workstations 3 Office 2021 Pro Plus items	412,410.00
PO/GI/26-27/0055 30 July 2026	1 Dell Pro Precision 7 T1 workstation 1 Office 2021 Pro Plus item	137,470.00
COMBINED NET TOTAL	8 workstations + 8 Office items + 3 monitors	1,051,450.00

CONSOLIDATION BASIS

Basic value: INR 891,059.00; tax: INR 160,390.62; round-off: INR 0.38. The first PO contributes its rounded net amount. USD presentation equivalent uses 95.6851 INR per USD on 30 July 2026; rounded to USD 10,989.

USD is an illustrative consolidated equivalent, not a USD invoice or the sum of date-specific foreign-currency settlements. Source and link appear on page 5.

Solution view | Connect computing to customer services

D-TECH supports a coordinated supply path: confirm the configuration, prepare authorised software, connect the endpoint to the customer network and validate the intended applications. Glosol receives the ordered goods at its Makarpura works; end-customer rollout follows the approved delivery and deployment plan.

WORKSTATION / COMPUTER

Dell Precision endpoint
Approved OS and Office entitlement
Monitor / keyboard / mouse checks

CUSTOMER NETWORK

Approved LAN port and IP policy
DNS / application reachability
Access permissions and security policy

SERVER / SERVICES

Customer-approved applications
File / business service connections
Separate server scope confirmation

ORDERED CONFIGURATION DETAIL

PO 0053: Core Ultra 5 235, 16 GB DDR5, 1 TB SSD, integrated graphics, DVD writer, USB keyboard / mouse, 3 DP ports, onboard LAN plus additional NIC; no OS; 3-year warranty.

SERVER SUPPORT BOUNDARY

Server supply / support is stated by D-TECH as wider engagement scope. These four orders list workstations, Office and monitors; no server model, quantity or server value is included in this consolidation.

PO 0055 references PO 0053 for the same workstation model. Confirm final build / serial details; earlier Precision 3680 processor and memory specs are not provided.

Delivery process | From configuration to ready-to-use systems

01 | VALIDATE REQUIREMENT

Confirm ordered model, configuration, approved OS, software rights and delivery / customer allocation.

02 | PROCURE & CHECK

Reconcile quantities, serials and accessories; inspect packing and verify hardware health before handover.

03 | DELIVER

Coordinate FOR Vadodara delivery; include PO reference, challan, invoice and required test certificates.

04 | PREPARE & CONNECT

Install authorised OS / software where agreed, configure network access and apply approved endpoint policy.

05 | TEST & ACCEPT

Verify startup, storage, display outputs, network reachability, application use and customer acceptance.

06 | SUPPORT HANDOVER

Register warranty / service details; submit asset and software records, contact route and open-action owners.

The POs establish supply commitments. Installation and support steps describe the delivery approach; completion and service results require acceptance / ticket records.

Support & customer care | Clear asset and service ownership

CUSTOMER & DELIVERY LOCATION

Glosol Innovations and Technologies Pvt. Ltd.
C1/894/3, GIDC Industrial Estate,
Makarpura, Vadodara 390010, Gujarat.
All four orders specify delivery to
Glosol’s Vadodara works.

DEPLOYMENT READINESS

Confirm OS entitlement for the no-OS workstation configuration. Verify Office licence rights and approved activation route. Register service tags and warranty eligibility; keep customer-approved configuration records.

Support stage	D-TECH coordination
REPORT & DIAGNOSE	Record PO / asset / serial, symptom and impact. Isolate hardware, OS, software or network cause through approved diagnostics.
RESTORE & VERIFY	Coordinate OEM escalation or approved corrective work; preserve customer data; validate the affected function and document closure.
